

# Trocar a senha através do painel ISPConfig

Acessar o endereço, <https://datasenior.com:8080/login/>, e entre com seu usuário de email ( [usuario@dominio.com.br](#)) e sua senha.

The image shows the ISPConfig login interface. At the top, there is a logo consisting of a red monitor icon and the text "ISPCONFIG". Below the logo, there is a text input field for the email address, which contains a redacted email address ending in "@dominio.com.br". Below the email field is a password input field with a blue border and a blue glow effect, containing a series of dots. At the bottom of the form, there are two buttons: "Login" and "Password lost".

Ao carregar a página de Configurações da conta de email, clicar em Senha.

The image shows the "Configurações da conta de email" (Email account settings) page in ISPConfig. At the top, there is a header bar with a red envelope icon and the text "Contas de email". Below the header, there is a sidebar on the left with a list of options: "Conta de email", "Visão Geral", "Senha", "Auto-resposta", "Enviar cópia", "Filtro anti-spam", and "Filtros de email". A red arrow points to the "Senha" option. The main content area is titled "Configurações da conta de email" and contains the following information:

Endereço de email:	[Redacted]
Acesso:	[Redacted]
Endereço do servidor de emails:	datasenior.com
Cota da conta de email:	Ilimitado
Enviar cópia para (CC):	Nenhum

At the bottom of the page, there is a small text "powered by ISPConfig".

Preencha sua nova senha, e repita ela no campo Repetir senha, após isso clicar em Salvar.

## Senha da conta de email
